RELATÓRIO

Trata-se de Solicitação do Congresso Nacional (SCN), formulada pela Comissão de Fiscalização Financeira e Controle (CFFC) da Câmara dos Deputados, por meio da qual o Deputado Evair Vieira de Melo solicitou informações a respeito da participação do Brasil na COP-28 – 28ª Conferência das Partes da Convenção-Quadro das Nações Unidas sobre Mudança do Clima realizada em Dubai, nos Emirados Árabes Unidos, entre 30/11 e 12/12/2023.

Reproduzo, a seguir, a instrução da Unidade de Auditoria Especializada em Governança e Inovação (AudGovernança), que analisou a matéria e contou com a anuência do seu corpo diretivo:

EXAME TÉCNICO

6. *Como dito, cuidam os autos de solicitação de autoria do Deputado Evair Vieira de Melo, requerendo diversas informações relacionadas à participação de representantes do Brasil na COP-28 – 28ª Conferência das Partes da Convenção-Quadro das Nações Unidas sobre Mudança do Clima (UNFCCC), realizada em Dubai, de 30/11 a 12/12/2023, de modo a garantir a transparência e a responsabilidade no uso dos recursos públicos.*

7. *O pedido inclui informações específicas, como estimativas de custos associados à participação do Brasil na conferência, as fontes de recursos utilizadas para cobrir esses custos e as justificativas para os gastos realizados, bem como mecanismo de controles dessas despesas.*

8. *Outro ponto é o questionamento sobre o número elevado de integrantes da comitiva oficial que participou do evento, comparados com as delegações de outros países que também participaram da COP28,*

destacando o número elevado de ministros do governo atual na conferência.

9. *A seguir são enumerados os questionamentos do solicitante (peça 4, pp.1-2):*

- a) *Pode o TCU fornecer estimativa detalhada dos custos, diretos ou indiretos, relacionados a participação da Comitativa Oficial do Brasil na COP28, incluindo gastos com viagens, hospedagem e demais dispêndios?*
- b) *Pode o TCU fornecer estimativa detalhada sobre as fontes de recursos despendidos para arcar com os custos da Comitativa Oficial, incluindo recursos provenientes de ONGs, ministérios, estatais e afins?*
- c) *Há alguma justificativa para os gastos efetuados, considerando a situação financeira do país e a urgência das questões climáticas? Ou estamos testemunhando um desperdício flagrante de recursos?*
- d) *Como o TCU justifica a discrepância entre a delegação brasileira e delegações de países como a Índia, China e Estados Unidos, que possuem populações muito maiores e, no entanto, enviaram delegações muito menores?*
- e) *A participação excessiva de ministros do governo Lula na cúpula não levanta sérias preocupações sobre um possível uso indevido do poder público para objetivos políticos pessoais?*
- f) *Quais autoridades e assessores integraram a comitativa e quais funções que desempenharam? Gentileza indicar o nome das pessoas e suas respectivas funções nos compromissos oficiais.*
- g) *Quantas pessoas e quem integrou a comitativa? Por que foram na comitativa? Gentileza indicar o nome das pessoas, seus respectivos cargos públicos ou profissões, e qual foram as funções de cada um dos convidados nas missões.*

- i) *Quem selecionou e autorizou a relação dos nomes que compuseram a comitativa?*
- j) *O TCU acredita que há falta gritante de controle e fiscalização para garantir que os recursos públicos sejam gastos de forma transparente e responsável, ou essa falta de supervisão é, de fato, intencional?*
- k) *Diante de todas essas questões alarmantes, não seria imperativo que o TCU realize imediatamente auditoria minuciosa e abrangente sobre essa participação questionável do Brasil na conferência sobre mudanças climáticas em Dubai?*
- l) *Existe alguma avaliação do TCU sobre a justificativa e a eficiência desses gastos, considerando a relevância das questões climáticas e a representação brasileira nessa conferência?*
- m) *Existe algum mecanismo de controle e fiscalização para garantir a transparência e a responsabilidade na utilização dos recursos públicos destinados a essa participação?*

10. *Com vistas a atender à solicitação, foi feita consulta aos sistemas informatizados do Tribunal, e não foram localizados processos de controle externo relativos à participação da delegação brasileira na COP-28.*

11. *Destaca-se que não foi requerida a realização de auditoria, constituindo os presentes autos de solicitação de informação nos termos do art. 17, inciso I, da Resolução-TCU 215/2008. Desta forma passa-se a resposta aos questionamentos, agrupados por tema.*

a) *Pode o TCU fornecer estimativa detalhada dos custos, diretos ou indiretos, relacionados a participação da Comitativa Oficial do Brasil na COP28, incluindo gastos com viagens, hospedagem e demais dispêndios?*

b) *Pode o TCU fornecer estimativa detalhada sobre as fontes de recursos despendidos para arcar com os custos da Comitativa Oficial, incluindo recursos provenientes de ONGs, ministérios, estatais e afins?*

12. *Quanto aos questionamentos das letras 'a' e 'b', registra-se que é possível ao TCU identificar os custos diretos e indiretos, bem como a origem das receitas relacionadas a participação brasileira na comitativa brasileira na COP-28.*

13. *A concessão de passagens e diárias para órgãos da Administração Direta ou Indireta do Governo Federal é realizada obrigatoriamente por meio do Sistema de Concessão de Diárias e Passagens (SCDP), nos termos do art. 12-A do Decreto 5.992/2006.*

14. *Para as entidades da Administração Direta e Indireta do Governo Federal, as informações sobre as viagens custeadas com recursos públicos, são originadas do Sistema Integrado de Administração Financeira do Governo Federal (Siafi) e do Sistema de Concessão de Diárias e Passagens SCDP e Sistema Viajar (sistema do Banco Central para registro de viagens e afastamentos em serviço).*

15. *Contudo ressalta-se que as estatais e empresas de economia mista federais, bem como as entidades paraestatais não tem suas receitas e despesas registradas no Siafi, bem como não estão obrigadas a aderir ao SCDP.*

16. Na consulta da página de transparência do Governo Federal, no período de novembro a dezembro de 2023 constata-se que há registros detalhados sobre concessão de diárias e passagens da administração direta e indireta do poder executivo relacionados à COP-28, consoante extrato à peça 13.

17. Por oportuno, anota-se que parte dos registros se refere a aproveitamento de viagem de serviço, sendo necessário segregar o valor do trecho complementar, mediante exame do respectivo processo de concessão de diárias e passagens, para obtenção do gasto referente ao evento em exame, que seria menor do que o valor constante no respectivo registro.

18. Esse fato, aliado à necessidade de confirmação dos dados de órgãos que não integram o SCDP, implicaria em requisições de informações/documentos e análises complementares para obtenção do valor referente apenas ao evento em exame, o que demandaria a realização de auditoria, que não foi solicitada expressamente, nos termos do art. 17, inciso II, da Resolução-TCU 215/2008.

c) Há alguma justificativa para os gastos efetuados, considerando a situação financeira do país e a urgência das questões climáticas? Ou estamos testemunhando um desperdício flagrante de recursos?

d) Como o TCU justifica a discrepância entre a delegação brasileira e delegações de países como a Índia, China e Estados Unidos, que possuem populações muito maiores e, no entanto, enviaram delegações muito menores?

19. Notícia divulgada no sítio eletrônico da Secom em 13-12-2023 apresenta informações sobre a participação do Brasil na COP-28, e, em síntese, afirma que a delegação brasileira foi composta por 1.337 participantes, ressaltando que o quantitativo de integrantes da comitiva oficial era aproximadamente de 400 representantes do governo Federal (peça 9).

20. A urgência no enfrentamento das questões climáticas, cita-se trecho de notícia da participação deste Tribunal na COP-28, publicada em 13/12/2023 no portal do TCU:

‘Desde 1º de dezembro, o ClimateScanner é apresentado na 28ª Conferência das Partes da Convenção-Quadro das Nações Unidas sobre Mudança do Clima (COP28), realizada em Dubai, nos Emirados Árabes Unidos. O presidente do Tribunal de Contas da União (TCU) e presidente da Organização Internacional das Instituições Superiores de Contas (Intosai), Ministro Bruno Dantas, e o vice-presidente do TCU, Ministro Vital do Rêgo, participaram de painéis e reuniões com o objetivo de apresentar a ferramenta e buscar apoio financeiro para capacitação das ISCs que a utilizarão.

No dia 1º de dezembro, o Ministro Bruno Dantas participou dos painéis ‘ClimateScanner: uma avaliação inovadora das ações dos governos nacionais em relação às mudanças climáticas’, no pavilhão do governo brasileiro, e ‘Impacto da ação climática - as Instituições Superiores de Auditoria atuando para a implementação efetiva de políticas relacionadas ao clima’, no pavilhão da SAI EAU.

Dantas destacou a responsabilidade compartilhada no enfrentamento às mudanças climáticas e reforçou o papel fundamental das Instituições Superiores de Auditoria no monitoramento das ações governamentais. Com os dados coletados com o ClimateScanner, as ISCs poderão identificar os setores que necessitam de análises mais aprofundadas em seus respectivos países. ‘Ao avaliar de forma independente as iniciativas climáticas, o ClimateScanner promove a prestação de contas e a transparência, garantindo o uso responsável dos recursos públicos. Além disso, a ferramenta facilita a tomada de decisão baseada em evidências, analisando dados governamentais e fornecendo recomendações para fortalecer a governança climática’, disse.

É notório que as mudanças climáticas são tema de relevância mundial. Pensando nisso, o Tribunal de Contas da União (TCU), na qualidade de presidente da Organização Internacional de Instituições Superiores de Controle (Intosai), propõe o ClimateScanner, uma iniciativa em que Instituições Superiores de Controle (ISC) ao redor do mundo promoverão uma avaliação global das ações governamentais relacionadas à mudança do clima.’

21. As justificativas para a participação dos servidores e colaboradores eventuais em eventos nacionais ou internacionais com ônus para o Governo Federal, constam da autorização da autoridade responsável de cada órgão, consoante determinado pelo Decreto 5.992/2006 c/c art. 7º e 8º do Decreto 10.193/2019.

e) A participação excessiva de ministros do governo Lula na cúpula não levanta sérias preocupações sobre um possível uso indevido do poder público para objetivos políticos pessoais?

22. O requerente cita que doze ministros das seguintes pastas estariam presentes na COP-28 (peça 4, p.4): Meio Ambiente, Relações Exteriores, Fazenda, Minas e Energia, Casa Civil, Povos Indígenas, Ciência, Tecnologia e Inovação, Agricultura e Pecuária, Desenvolvimento Agrário e Agricultura Familiar, e das Cidades.

23. Consoante se vê da programação do evento (peça 11), foram diversos temas específicos tratados nas duas semanas de conferência, como exemplo de igualdade de gênero, transição energética, urbanização e desenvolvimento, transporte, populações indígenas, jovens, crianças, educação e habilidades, uso do solo e dos oceanos, agricultura e o uso da água, bem como temas transversais: Tecnologia e Inovação, Inclusão, Comunidades de Fronteira e Finanças.

24. Cotejando-se os titulares das pastas com as temáticas abordadas na COP-28, verifica-se que há compatibilidade entre os ministros presentes e os temas tratados na conferência.

25. Conclui-se que não foram identificados indícios de uso indevido do poder público, no que concerne a presença de vários ministros de governo, considerando a multiplicidade das temáticas abordadas na COP-28.

f) Quais autoridades e assessores integraram a comitiva e quais funções que desempenharam? Gentileza indicar o nome das pessoas e suas respectivas funções nos compromissos oficiais.

g) Quantas pessoas e quem integrou a comitiva? Por que foram na comitiva? Gentileza indicar o nome das pessoas, seus respectivos cargos públicos ou profissões, e qual foram as funções de cada um dos convidados nas missões.

26. A listagem oficial divulgada pela Organização do evento confirma que foram credenciados 1.337 delegados do Brasil contemplando, na maior parte dos casos, a enumeração do órgão/entidade ao qual o participante estava vinculado e respectivo cargo (peça 12).

27. Na página de transparência do governo federal consta também relação de pagamentos de diárias, passagens, seguros para servidores, com descrição de cargo ou função, bem como o motivo de concessão (peça 13).

28. Consoante as listagens das peças 12 e 13, é possível identificar em boa parte dos casos, quais pessoas integraram a comitiva, bem como suas funções (no caso de assessoramento de autoridades, segurança de autoridades, palestrantes, assessor de imprensa, dentre outros). No entanto o detalhamento das funções exercidas em cada compromisso oficial, dependeria de confirmação junto a cada órgão ou entidade.

h) Houve algum integrante na comitiva não ocupante de cargo público que recebeu auxílio financeiro governamental para participar das missões? Informar quais as justificativas que ensejaram a autorização.

29. No link que remete à página do Ministério das Relações Exteriores, com informações sobre o credenciamento para participação na COP-28, consta registro de que: “o Governo Federal não se responsabiliza por custos ou procedimentos relativos à concessão de visto, passagens aéreas e reserva de hospedagem para participar da reunião em apreço” (peça 10), o que está de acordo com o art. 10, § 2º, do Decreto 5.992/2006. É vedada a concessão de diárias para o exterior a pessoas sem vínculo com a Administração Pública Federal, ressalvadas aquelas designadas ou nomeadas pelo Presidente da República).

30. Também em consulta à página de transparência do governo federal, não foi identificada existência de pessoa detentora de cargo ou função federal que tenha recebido passagens ou diárias para participação na COP-28.

31. Conclui-se, quanto a letra ‘h’ da solicitação que não há indícios de que tenha sido fornecido auxílio financeiro a integrante da comitiva não detentor de cargo ou função públicas para participação da COP-28, em desacordo com o Decreto 5.992/2006.

i) Quem selecionou e autorizou a relação dos nomes que compuseram a comitiva?

32. Cada órgão ou entidade é responsável pela indicação dos servidores a este vinculados. A responsabilidade pela autorização de afastamento e concessão de diárias variará conforme a duração do afastamento e a existência de delegação de competência, nos termos do Decreto 10.193/2019, recaindo a autorização sobre o Ministro de Estado, ou dirigente subordinado diretamente a este, ou ao dirigente máximo do órgão, entidade ou empresa, conforme o caso. O detalhamento de cada participação demandaria um trabalho de fiscalização, que, como dito não foi requisitado pelo solicitante.

j) O TCU acredita que há falta gritante de controle e fiscalização para garantir que os recursos públicos sejam gastos de forma transparente e responsável, ou essa falta de supervisão é, de fato, intencional?

33. Não é possível responder ao questionamento da letra j, pois não há avaliação do TCU sobre os gastos da COP-28, ante a inexistência de processos de controle externo autuados sobre o tema.

k) Diante de todas essas questões alarmantes, não seria imperativo que o TCU realize imediatamente auditoria minuciosa e abrangente sobre essa participação questionável do Brasil na conferência sobre mudanças climáticas em Dubai?

34. O TCU age com base em avaliação de risco, ou de forma obrigatória quando expressamente requerido tal qual ocorreu no âmbito do TC 037.058/2023-1, Solicitação do Congresso Nacional, na qual foi expressamente solicitada a realização de auditoria com o objetivo de apurar eventuais irregularidades nos gastos para custear viagens do Ministério de Estado da Igualdade Racial (MIR), consoante consta do relatório e voto do Acórdão 140/2024 – Plenário, Relator: Ministro Vital do Rêgo.

35. O ilustre solicitante não apontou irregularidade concreta, nem foram apurados indícios até o momento que indiquem a necessidade de atuação do TCU, levando-se em consideração a transparência dos dados relativos as diárias e passagens emitidas para participação de servidores e autoridades na COP-28 e considerando os mecanismos de controle e fiscalização descritos na análise do questionamento de letra 'm'.

l) Existe alguma avaliação do TCU sobre a justificativa e a eficiência desses gastos, considerando a relevância das questões climáticas e a representação brasileira nessa conferência?

36. Não foram localizados processos de controle externo referentes ao tema, não havendo, portanto, avaliação do TCU sobre as justificativas ou eficiência dos gastos relacionados à participação brasileira na COP-28.

m) Existe algum mecanismo de controle e fiscalização para garantir a transparência e a responsabilidade na utilização dos recursos públicos destinados a essa participação?

37. Quanto a existência de controles, destaca-se que Decreto 10.193/2019 estabeleceu limites e instâncias de governança para a contratação de bens e serviços e para a realização de gastos com diárias e passagens no âmbito do Poder Executivo federal.

38. A concessão de passagens e diárias para órgãos da Administração Direta ou Indireta do Governo Federal é realizada obrigatoriamente pelo Sistema de Concessão de Diárias e Passagens (SCDP), sistema que permite um controle mais efetivo da emissão de diárias e passagens.

39. A par disto o tema diárias e passagens é objeto de fiscalização por parte das auditorias internas entidades estatais e paraestatais federais, bem como do controle interno federal.

40. Ademais, este TCU tem atuado para aumentar a transparência ativa na divulgação de gastos com diárias e passagens, a exemplo dos Acórdãos do Plenário 45/2021, Relator: Ministro Raimundo Carreiro; 2.290/2021 Relator: Ministro-Substituto Weder de Oliveira e 1570/2023, Relator: Ministro-Substituto Marcos Bemquerer Costa, dentre outros.

41. Conclui-se pela existência de mecanismos de controle e fiscalização para garantir a transparência e a responsabilidade na utilização dos recursos públicos destinados a participação na COP -28.

CONCLUSÃO

42. Conclui-se que a Solicitação do Congresso Nacional deve ser conhecida, pois preenche os requisitos previstos no art. 71, IV e VII, da CF/1988, c/c o art. 38, I, da Lei 8.443/1992, c/c o art. 232, III, do RI/TCU, e c/c o art. 4º, I, 'b', da Resolução-TCU 215/2008.

43. Considerando não foram identificadas irregularidades, que demandariam imediata ação de fiscalização dos dispêndios da Comitativa Oficial do Brasil na COP-28, bem como não foi solicitada a realização de auditoria (art. 38, inciso II, da Resolução-TCU 215/2008), conclui-se que a solicitação de informações pode ser considerada atendida com a remessa de cópia do acórdão que vier a ser proferido acompanhado do relatório e voto que o fundamentam, nos termos do arts. 17, inciso I, e 14, inciso IV da Resolução-TCU 215/2008.

PROPOSTA DE ENCAMINHAMENTO

44. Ante o exposto, submetem-se os presentes autos à consideração superior, propondo:

a) conhecer da presente Solicitação do Congresso Nacional, preenchidos os requisitos previstos no art. 71, VII, da CF/1988, c/c o art. 38, I, da Lei 8.443/1992, c/c o art. 232, III, do RI/TCU, e c/c o art. 4º, I, 'b', da Resolução-TCU 215/2008;

Deputada Federal Bia Kicis, em resposta ao Requerimento 553/2023-CFFC, de autoria do Deputado Evair Vieira de Melo, cópia do acórdão, acompanhado do relatório e do voto que o fundamentam; e

d) arquivar os autos após as comunicações pertinentes, nos termos dos arts. 169, inciso II, do Regimento Interno do TCU e 17, inciso I, da Resolução-TCU 215/2008.”

É o relatório.

VOTO

Trata-se de solicitação da Comissão de Fiscalização Financeira e Controle (CFFC) da Câmara dos Deputados, de autoria do Deputado Evair Vieira de Melo, que requereu informações sobre a participação do Brasil na COP-28 – 28ª Conferência das Partes da Convenção-Quadro das Nações Unidas sobre Mudança do Clima realizada em Dubai, nos Emirados Árabes Unidos, de 30/11 a 12/12/2023.

2. Uma vez atendidos os requisitos de admissibilidade do art. 3º, inciso I, da Resolução-TCU 215/2008, o expediente deve ser conhecido como Solicitação do Congresso Nacional (SCN).

3. Preliminarmente, destaco que não foi requerida a realização de auditoria, constituindo estes autos de solicitação de informação nos termos do art.17, inciso II, da Resolução-TCU 215/2008. Mesmo assim, foi necessário fazer o levantamento e a seleção de grande número de dados nos sistemas informatizados da Administração.

4. Em síntese, o pedido inclui informações específicas, como estimativas de custos associados à participação do Brasil na conferência, as fontes de recursos utilizadas para cobrir esses custos e as justificativas para os gastos realizados, bem como mecanismo de controles dessas despesas. Outro aspecto trazido foi o questionamento sobre o número elevado de integrantes da comitiva oficial que participou do evento, comparados com as delegações de outros países.

5. Trago, a seguir, os questionamentos do solicitante (peça 4, p. 1-2):

Das respostas aos questionamentos

6. Preliminarmente, para atender esta solicitação do Congresso Nacional, foi feita consulta aos sistemas informatizados deste Tribunal, de modo que não foram localizados processos de controle externo relativos à participação da delegação brasileira na COP-28. Passo, na sequência, a sumarizar as informações reunidas pela Unidade de Auditoria Especializada em Governança e Inovação (AudGovernança) em atenção aos questionamentos feitos pela CFFC, tendo agrupado as respostas por tema para facilitar a compreensão.

7. Trago, a seguir, os questionamentos “a” e “b”:

“a) Pode o TCU fornecer estimativa detalhada dos custos, diretos ou indiretos, relacionados à participação da Comitativa Oficial do Brasil na COP28, incluindo gastos com viagens, hospedagem e demais dispêndios?”

b) Pode o TCU fornecer estimativa detalhada sobre as fontes de recursos despendidos para arcar com os custos da Comitativa Oficial, incluindo recursos provenientes de ONGs, ministérios, estatais e afins?”

8. De início, assinalo que a concessão de passagens e diárias para órgãos da Administração Direta ou Indireta do Governo Federal é realizada obrigatoriamente por meio do Sistema de Concessão de Diárias e Passagens (SCDP), nos termos do art. 12-A do Decreto 5.992/2006.

9. Para as entidades da Administração Direta e Indireta Federal, as informações sobre as viagens custeadas com recursos federais são originadas do Sistema Integrado de Administração Financeira do Governo Federal (Siafi), do Sistema de Concessão de Diárias e Passagens (SCDP) e do Sistema Viajar (sistema do Banco Central para o registro de viagens e afastamentos em serviço).

10. Nesse contexto, por meio de consulta à página de transparência do Governo Federal, verifica-se que há registros detalhados sobre a concessão de diárias e passagens relacionados à COP-28, consoante extrato à peça 13.

11. Transcrevo, na sequência, os questionamentos “c” e “d”:

“c) Há alguma justificativa para os gastos efetuados, considerando a situação financeira do país e a urgência das questões climáticas? Ou estamos testemunhando um desperdício flagrante de recursos?”

d) Como o TCU justifica a discrepância entre a delegação brasileira e delegações de países como a Índia, China e Estados Unidos, que possuem populações muito maiores e, no entanto, enviaram delegações muito menores?”

12. As justificativas para a participação dos servidores e colaboradores eventuais em eventos nacionais ou internacionais com ônus para o Governo Federal constam da autorização da autoridade responsável de cada órgão, consoante o Decreto 5.992/2006 c/c art. 7º e 8º do Decreto 10.193/2019.

13. Quanto à aludida discrepância entre o tamanho da delegação brasileira e a de países mais populosos, como China, Índia e Estados Unidos, tal fato, por si só, não constitui uma irregularidade, mas tão somente uma opção estratégica-política do Brasil com relação às mudanças climáticas, não cabendo ao TCU fazer juízo de valor sobre essa opção meramente com base no tamanho da delegação.

14. Trago, na sequência, o questionamento “e”:

“e) A participação excessiva de ministros do governo Lula na cúpula não levanta sérias preocupações sobre um possível uso indevido do poder público para objetivos políticos pessoais?”

15. Primeiramente, o requerente cita que doze ministros de Estado das seguintes pastas estariam presentes na COP-28 (peça 4, p.4): Meio Ambiente, Relações Exteriores, Fazenda, Minas e Energia, Casa Civil, Povos Indígenas, Ciência, Tecnologia e Inovação, Agricultura e Pecuária, Desenvolvimento Agrário e Agricultura Familiar, e das Cidades.

16. Quanto a esse aspecto, similarmente não foram identificados indícios de mal uso dos recursos públicos, uma vez que a COP-28 envolveu multiplicidade de temáticas, que guardam relação com as áreas de competências dos ministérios que integraram a mencionada comitiva.

17. Trago, a seguir, os questionamentos “f” e “g”:

“f) Quais autoridades e assessores integraram a comitiva e quais funções que desempenharam? Por gentileza indicar o nome das pessoas e suas respectivas funções nos compromissos oficiais.

g) Quantas pessoas e quem integrou a comitiva? Por que foram na comitiva? Por gentileza indicar o nome das pessoas, seus respectivos cargos públicos ou profissões e quais foram as funções de cada um dos convidados nas missões.”

18. Primeiramente, a listagem oficial divulgada pela Organização do evento confirma que foram credenciados 1.337 delegados do Brasil, contemplando a enumeração do órgão/entidade ao qual o participante estava vinculado e respectivo cargo (peça 12). Similarmente, na página da transparência do Governo Federal, consta ainda relação de pagamentos de diárias, passagens, seguros para servidores, com descrição de cargo ou função, bem como o motivo de concessão (peça 13).

19. Além disso, conforme as listagens das peças 12 e 13, é possível identificar quais pessoas integraram a comitiva, bem como suas funções (no caso de assessoramento de autoridades, segurança de autoridades, palestrantes, assessor de imprensa, dentre outros).

20. Passo ao questionamento “h”:

“h) Houve algum integrante na comitiva não ocupante de cargo público que recebeu auxílio financeiro governamental para participar das missões? Informar quais as justificativas que ensejaram a autorização.”

21. Primeiramente, no sítio eletrônico¹ do Ministério das Relações Exteriores, na parte que apresenta informações sobre o credenciamento para participação na COP-28, consta o registro de que: “o Governo Federal não se responsabiliza por custos ou procedimentos relativos à concessão de visto, passagens aéreas e reserva de hospedagem para participar da reunião em apreço” (peça 10). Tal entendimento está de acordo com o disposto no art. 10, § 2º, do Decreto 5.992/2006. Além disso, é

¹ <https://www.gov.br/mre/pt-br/canais_atendimento/imprensa/notas-a-imprensa/cop28-2013-credenciamento>, acesso em 14/5/2024.

vedada a concessão de diárias para o exterior a pessoas sem vínculo com a Administração Pública Federal, ressalvadas aquelas especificamente designadas ou nomeadas pelo Presidente da República.

22. Também em consulta à página de transparência do Governo Federal, não foi identificada pessoa, não detentora de cargo ou função federal, que tenha recebido passagens ou diárias para participação na COP-28.

23. Desse modo, quanto ao questionamento “h”, conclui-se que não há indícios de que tenha sido fornecido auxílio financeiro a integrante da comitiva, não detentor de cargo ou função pública, para participação da COP-28, em desacordo com o Decreto 5.992/2006.

24. Trago, na sequência, o questionamento “i”:

“i) *Quem selecionou e autorizou a relação dos nomes que compuseram a comitiva?*”

25. De início, cada órgão ou entidade é responsável pela indicação dos servidores a ele vinculados. A responsabilidade pela autorização de afastamento e concessão de diárias varia conforme a duração do afastamento e a existência de delegação de competência, nos termos do Decreto 10.193/2019, recaindo a autorização sobre o ministro de Estado, ou dirigente subordinado diretamente a este, ou ao dirigente máximo do órgão, entidade ou empresa, conforme o caso.

26. Passo, na sequência, aos questionamentos “j”, “k” e “l”:

“j) *O TCU acredita que há falta gritante de controle e fiscalização para garantir que os recursos públicos sejam gastos de forma transparente e responsável, ou essa falta de supervisão é, de fato, intencional?*”

“k) *Diante de todas essas questões alarmantes, não seria imperativo que o TCU realize imediatamente auditoria minuciosa e abrangente sobre essa participação questionável do Brasil na conferência sobre mudanças climáticas em Dubai?*”

“l) *Existe alguma avaliação do TCU sobre a justificativa e a eficiência desses gastos, considerando a relevância das questões climáticas e a representação brasileira nessa conferência?*”

27. De início, o TCU atua com base em avaliação de risco ou, de forma obrigatória, quando expressamente requerido, tal qual ocorreu no âmbito do TC 037.058/2023-1, Solicitação do Congresso Nacional, na qual foi expressamente solicitada a realização de auditoria com o objetivo de apurar eventuais irregularidades nos gastos para custear viagens do Ministério de Estado da Igualdade Racial (MIR), consoante consta do relatório e voto do Acórdão 140/2024, Relator: Ministro Vital do Rêgo.

28. No caso em apreço, levando-se em consideração a transparência dos dados relativos às diárias e passagens emitidas para participação de servidores e autoridades na COP-28, bem como os mecanismos de controle e fiscalização descritos na análise do questionamento “m” (que apresentarei a seguir), não foram encontrados indícios de irregularidade que indiquem a necessidade de atuação do TCU.

29. Diante de todo o exposto, não há elementos objetivos, no limite do escopo da presente solicitação, que indiquem irregularidade apta a ensejar atuação desta Corte Contas.

30. Passo, na sequência, para o questionamento “m”:

“m) *Existe algum mecanismo de controle e fiscalização para garantir a transparência e a responsabilidade na utilização dos recursos públicos destinados a essa participação?*”

31. Quanto à existência de controles e fiscalização, o Decreto 10.193/2019 estabeleceu limites e instâncias de governança para a contratação de bens e serviços e para a realização de gastos com diárias e passagens no âmbito do Poder Executivo Federal. Além disso, como dito anteriormente, a concessão de passagens e diárias para órgãos da Administração Direta ou Indireta do Governo Federal é realizada obrigatoriamente pelo Sistema de Concessão de Diárias e Passagens (SCDP), sistema que permite um controle mais efetivo da emissão de diárias e passagens.

32. Adicionalmente, o tema diárias e passagens é objeto de fiscalização por parte das auditorias internas das entidades estatais e paraestatais federais, bem como do Controle Interno Federal.

33. Além disso, esta Corte de Contas tem atuado para aumentar a transparência ativa na divulgação de gastos com diárias e passagens, conforme os seguintes Acórdãos do Plenário: 45/2021, Relator: Ministro Raimundo Carreiro; 2.290/2021, Relator: Ministro-Substituto Weder de Oliveira; e 1.570/2023, Relator: Ministro Substituto Marcos Bemquerer Costa, dentre outros.

34. Portanto, existem mecanismos de controle e fiscalização para garantir a transparência e a responsabilidade na utilização dos recursos públicos destinados à participação na COP -28.

35. Feita a apresentação das respostas aos questionamentos da Comissão de Fiscalização Financeira e Controle da Câmara dos Deputados, proponho considerar integralmente atendida a presente solicitação e encaminhar cópia da presente deliberação à mencionada Comissão.

Ante ao exposto, VOTO no sentido de que o Tribunal adote a minuta de acórdão que submeto à deliberação deste Colegiado.
